

ULTIMATE ROCKSTONE EMPIRE

Natural Stone Modular Units

Precision-cut natural stone elements for premium architectural applications.

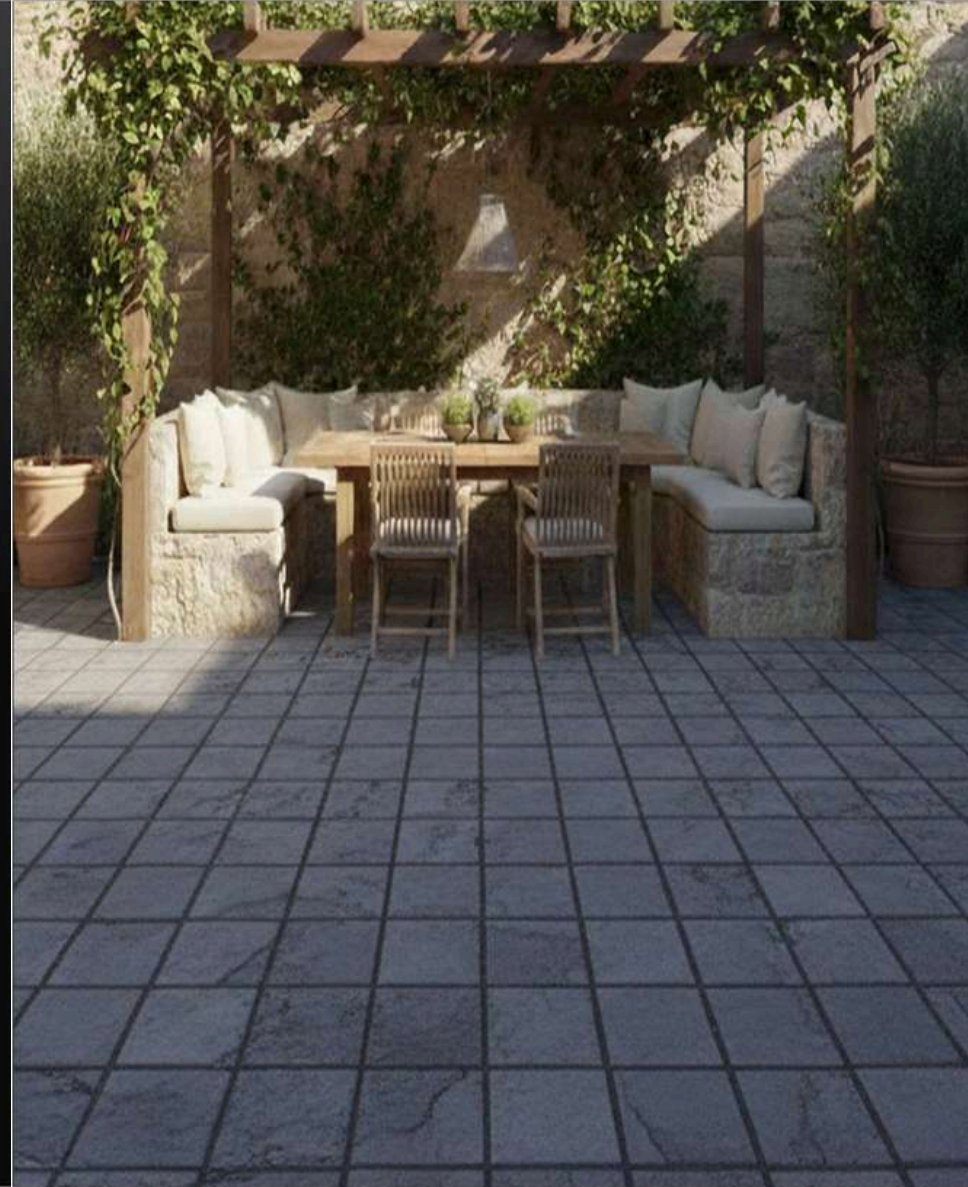

Natural Stone Bricks & Tiles

- Factory-cut stone bricks and tiles crafted from durable natural stone, designed for clean geometry, structural consistency, and long-term outdoor performance.
- Ideal for architects seeking a balanced combination of natural texture and precise modular formats.

Material & Performance

- Natural stone with high compressive strength
- Excellent durability for outdoor and semi-outdoor applications
- Low heat absorption compared to concrete alternatives
- High resistance to wear, weathering, and surface erosion
- Suitable for heavy foot traffic and vertical applications

12 × 04 inch (30 x 10 cm)

12 × 04 inch (30 x 10 cm)

Product Specifications:

Stone Type: Monsoon Black Natural Stone

Thickness:

- 2 inch (≈ 50 mm / 5 cm)
- 1 inch (≈ 25 mm / 2.5 cm)

Available Module Sizes:

- 12 × 24 inch (30 x 60 cm)
- 12 × 12 inch (30 x 30 cm)
- 12 × 04 inch (30 x 10 cm)
- 06 × 06 inch (15 x 15 cm)
- 04 × 04 inch (10 x 10 cm)

Precision cutting ensures dimensional consistency while retaining the natural stone surface.

12 ×12 inch (30 x 30 cm)

12 ×24 inch (30 x 60 cm)

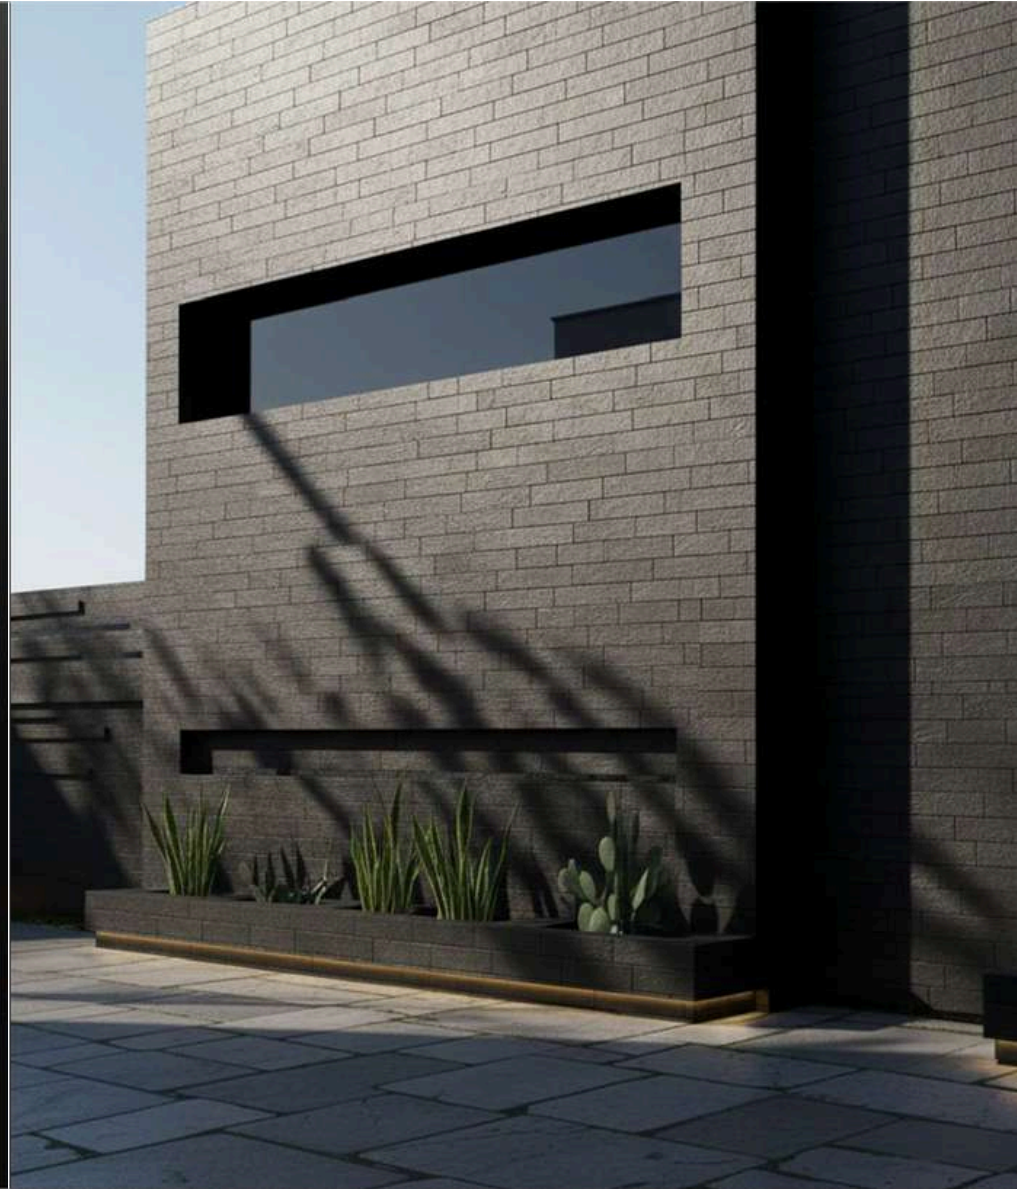

12 ×24 inch (30 x 60 cm)

Smaller modules suit detailed patterns, while larger formats create bold, minimal surfaces.

Modular Design Advantage

- Compatible with linear, grid, and staggered patterns
- Allows seamless integration across elevations, pavements, and feature walls
- Supports both contemporary and rustic architectural styles
- Multiple sizes enable creative combinations within a single project

Typical Uses

- Building elevations & façade cladding
- Boundary walls & compound walls
- Pathways, walkways, and paved areas
- Landscape features and garden walls
- Courtyards, verandahs, and outdoor seating zones

On-Site Application Benefits

- Uniform thickness ensures easy installation
- Reduces on-site cutting and material wastage
- Clean edges provide sharp architectural lines
- Suitable for both dry and mortar-based installation methods

Processing & Supply

- Sourced directly from controlled mining areas
- Export-grade processing and quality checks
- Custom packaging options available
- Suitable for diverse climatic conditions
